Instruction Steps

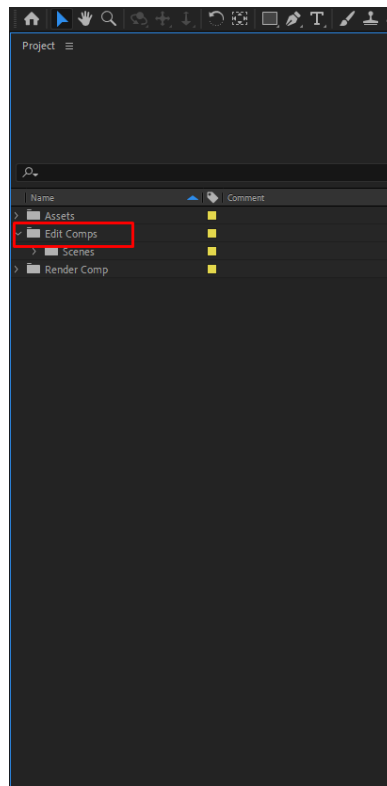

Adobe After Effects CS5.5 (software) or newer version required to open and edit the template file.

First download font and install

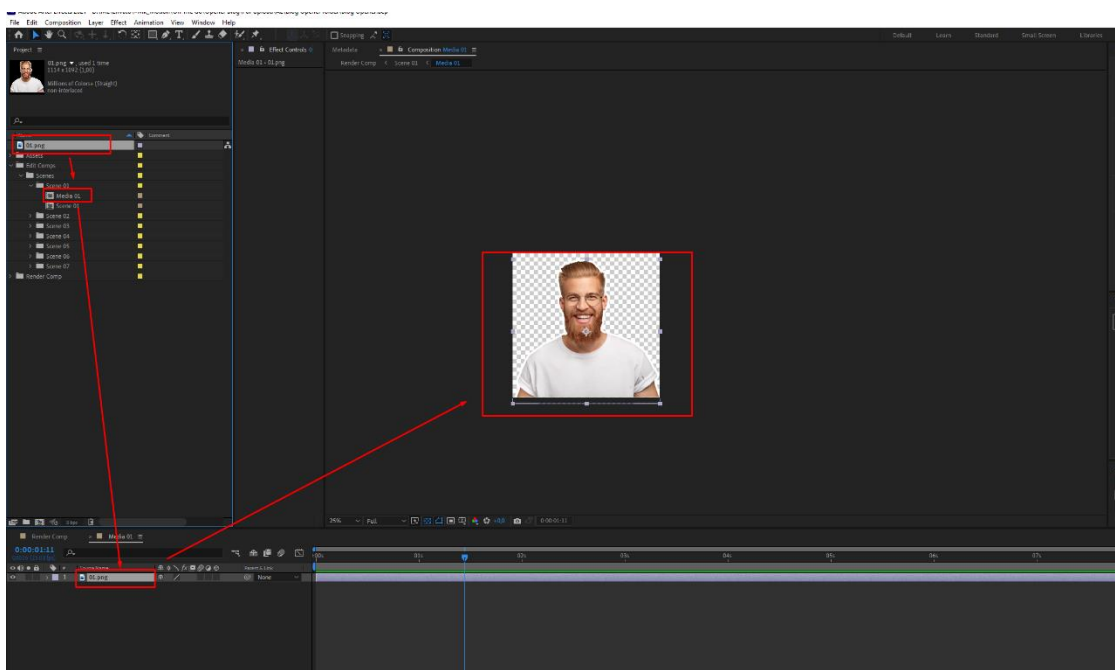

-----Here are a few instructions that will help-----

Folder “02. Edit Comps”

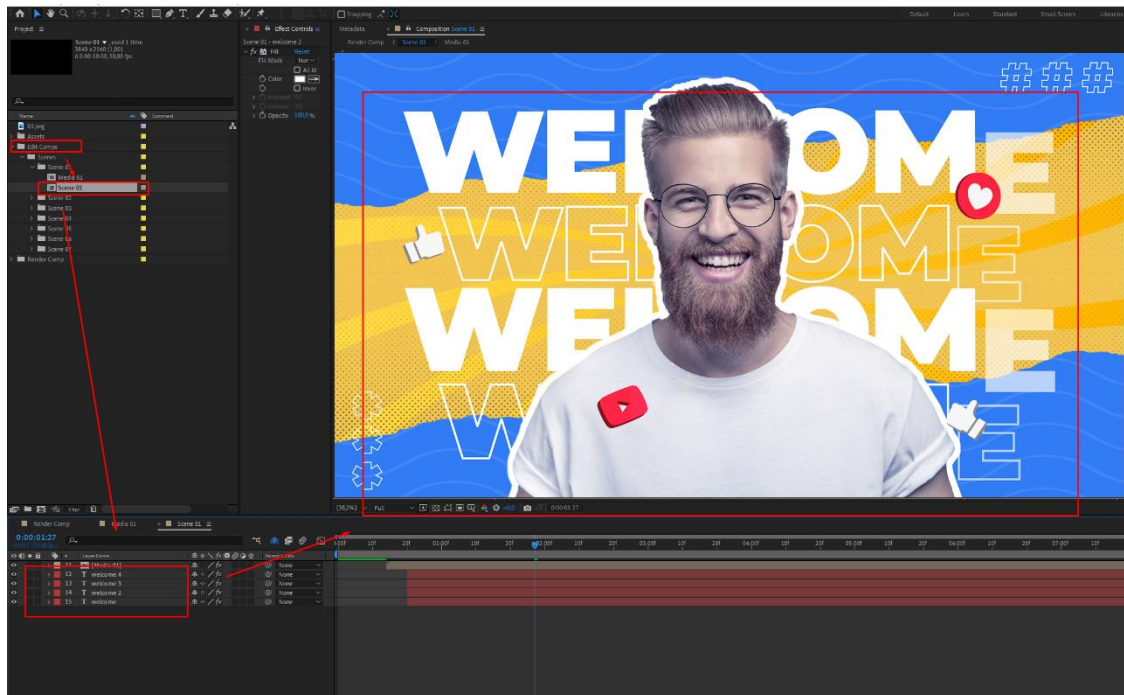

Here you can edit text and media for your project .

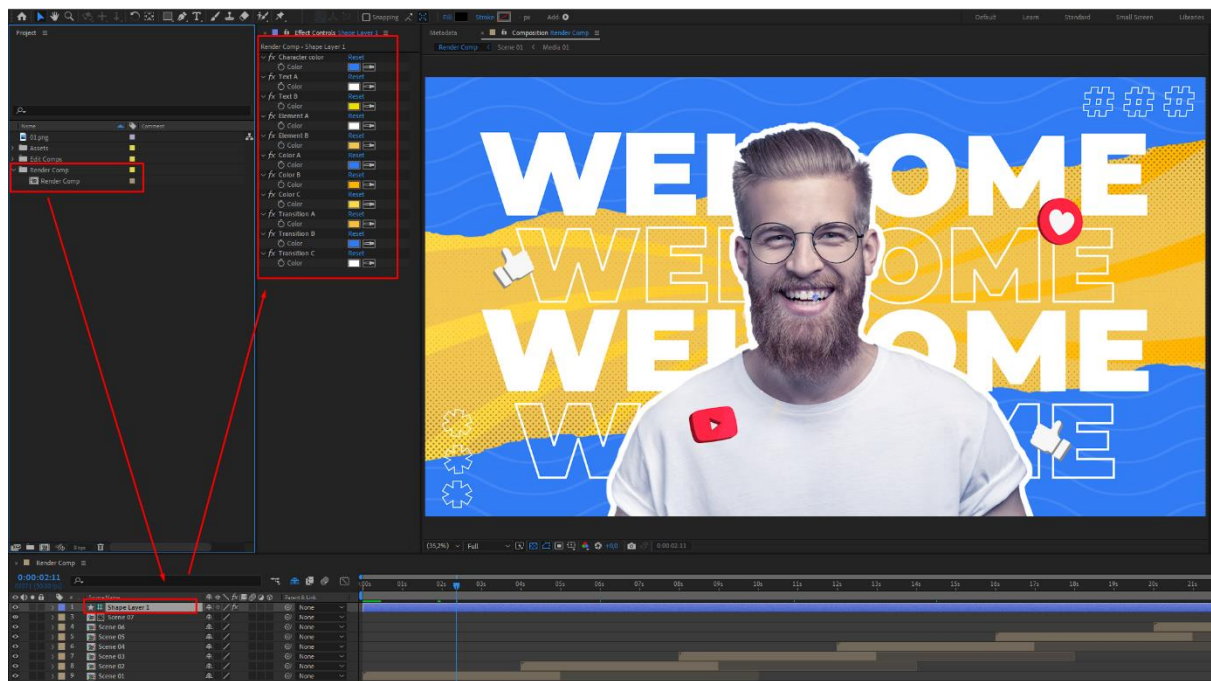

Open “Media ##” composition. Import your media and drag into timeline.

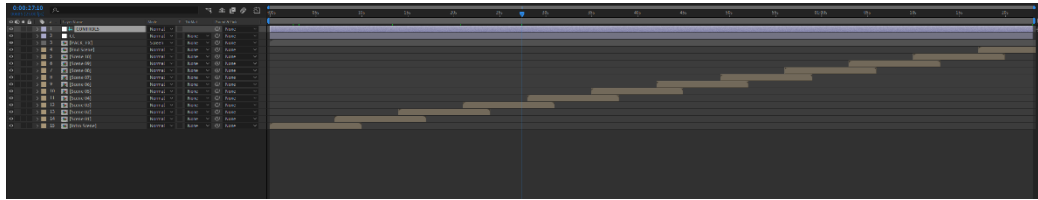

Open “**Scene ##**” composition. Double click text and type your text.

You can edit color on “Control” panel

Modular Structure. You can change duration or delete any scene in timeline

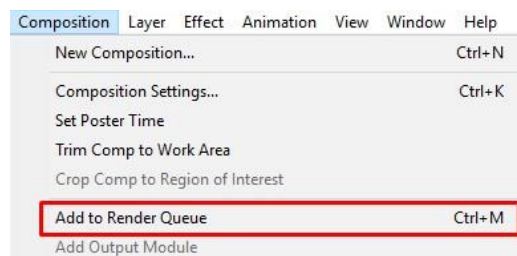

AUDIO

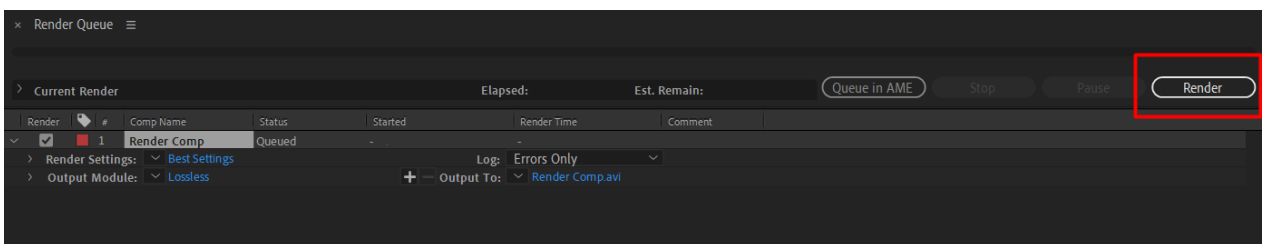

In After Effects click on the menu option: File > Import > File (search the audio file, click on it, then click Open). Open the "Render Comp" folder. Open the composition Render Comp. Drag and drop your audio in this composition.

RENDER VIDEO

Open "**Render Comp**" composition. click on the menu option Composition > Add to render queue

Select the desired output format and the video location. Click on Render option.
